DEMANDS OF ALLIESNOT TO INTERFERE
IF ARMIES RETREATRussians Get Guns From Japan
and Will Mobilize an
Army at Odessa

(By Associated Press.)

LONDON, Nov. 26.—Greece has met every demand of the allies. It has promised not to interfere, in the event that the allies retreat into Greece. The full text of the demand is unknown. It is unknown whether it has promised to stop the pursuing Teutons in the event of retreat. Seven German regiments have arrived at Prilep, in Serbia. It is expected that the Bulgarians will now advance on Monastir. After taking Prilep, the Bulgarians awaited the Germans before continuing on account of the proximity of Monastir to the Greek border. The Teutons, in capturing Mit-

rovista and Pristona, took 11,700 Serbians. The Serbians are retreating towards Albania.

It is reported that Japanese guns are arriving at Odessa. It is expected that the Russians will soon mobilize there. The allies are preparing to remain at Saloniki. They are landing machinery for a power plant and are erecting barracks.

The allies in Mesopotamia are within twenty miles of Bagdad. The Turks gave battle. Both sides are losing heavily. The Italians captured more trenches. The Germans took Bersemaende, a Russian town.

ATTORNEY GENERAL CALLED

The district attorney of Nye county, by name Sanders, evidently felt that he was too much of a lightweight to prosecute the case against W. W. Booth, the editor and manager of the Bonanza, on the charge of criminal libel. It is alleged that this was the reason why the attorney general of the state of Nevada was appointed to conduct the case in the justice court today. Mr. Booth was bound over to the district court, as was the natural course, the bonds remaining the same. The cost of the procedure in this action will not be borne by the district attorney, by name Sanders, nor by the county commissioners, but by the taxpayers.

Emperor Nicholas has promised to have the Russians in Bulgaria within a week. He expects to make an advance through Rumania. The Russians are attempting to gain Rumania's consent to cross its territory. The Rumanians indicate that consent depends upon whether the allies gain preponder-

ance of forces in the Balkans.

Constantinople has reported that Ameer Malik, the rebel Moroccan, has called on all Arabs to fight a holy war against the French. Many have responded. All are expected.
